CYP IAPT
MIDLANDS
COLLABORATIVE

Site Outreach Programme 2019-2020

Site outreach is where we deliver events either to the whole of the collaborative or to your individual partnership area.

Core Site Outreach Workshops

- ⇒ CYP IAPT—Overview
- ⇒ Participation - involving children and young people in decision-making
- ⇒ Using Routine Outcome Measures (ROMs) (delivered by Dr Duncan Law)
- ⇒ Service Transformation (one day)

Site Outreach Workshops already available

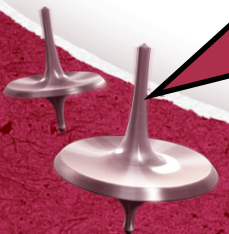

- LGBTQ+ Young People and Mental health (delivered by our Young Advisors)
- Workforce Planning
- Self-Referral

Speak to us about coaching.
We can offer some free
coaching to the Midlands
partnerships.

New workshops available

- ◇ Project management for non-project-managers (2 days)
- ◇ Leading Change and Transformation (3 days)

Please get in touch with Amanda Newman on amanda@associatesolutions.co.uk if you would like to discuss access to any of these workshops.

Site outreach aimed at practitioners

The Clinical Self—offers staff key skills to support their resilience in the clinical setting (1 day)

CBT Informed practice (2 days)

Involving children and young people (delivered by our Young Advisors)

Mental health of children and young people with ASD/Learning Disability

Team effectiveness—a one day course for CAMHS teams to support working effectively in and with teams.

Coaching available for staff— coaching is a learning process that takes place within a confidential coaching relationship, where a trained coach works with you to facilitate your development. It is a powerful tool in making positive changes that you can bring about in your own performance and capability.

The Journey of Care in CAMHS—a one day workshop focused on working with shared decision-making, person centred goals and person centred care
