

ILM L5 AWARD IN LEADERSHIP AND MANAGEMENT

A course for leaders with intermediate experience or new to role.

Led by a team of established leaders, with a focus on action-driven learning and an inspiring environment in which you can thrive. We also offer the unique opportunity to have personally tailored coaching sessions.

ILM-accredited Level 5 programme delivered by ADS Ltd, is available as a concise Award, with the opportunity to progress to a broader Certificate level. ILM Level 5 is suitable to all individuals or organisations who wish to promote organisational success and personal development through effective leadership.

An expectation of 60 hours study over 6 months, including class learning through group work, discussions, posters, presentations and multi-media. Two assignments are submitted to receive the award. Some work will need to be completed in your own time.

Benefits of attending this course

To the individual

- Use core management techniques to drive better results
- Develop your ability to lead, motivate & inspire
- Provide strategic leadership as well as day-to-day management
- Benchmark your managerial skills
- Raise your profile in your organisation

To the organisation

- Encourage strategic thinking at this level of management to foster business improvement
- Engage middle managers with training and development – these qualifications are designed to provide clear, measurable benefits to career-minded professionals

Assessing your Own Leadership Capability and Performance

- Understand leadership styles within an organisation
- Be able to review effectiveness of own leadership capability and performance in meeting organisational values and goals
- Be able to adopt an effective leadership style to motivate staff to achieve organisational values and goals

- AND -

Managing Improvement

- To develop understanding and ability to manage quality, so as to be able to plan improvements to meet or exceed customer requirements, as required by a practising or potential middle manager
- Understand the effectiveness of the organisation and own ability to manage and improve quality to meet customer requirements
- Be able to plan and implement projects to meet, and if possible exceed, customer requirements
